

## **WHAT IS SAFEGUARDING?**

Safeguarding is the protection of children, young and vulnerable adults. It is about protecting those, who may not have a voice otherwise.

At Telford Elim, we take Safeguarding seriously, and as such are proud to support our staff and volunteers who are passionately serving the local community in a variety of projects.

## **WHAT ARE WE ACTIVELY DOING?**

We regularly provide training opportunities for our staff and volunteers. This is both an introduction for those who have previously not had training, and a refresher for those who have.
